

## Single Festoon Box with Auto Cut

Single Festoon Box workstation with swing arm for 48" to 60" material.

Programmed to allow an SMC tail for easy SMC splicing at Customers press.

Optional Auto Cut available

Scales are integrated into system that alarm the Operator of an upcoming box change.

Easy Lift Truck or Pallet Jack access.

Floor mounted with single Control Panel.

Direct connect to SMC Machine or a Stand-Alone floor design is available.

**Reduced Footprint** for space constraints: 100" L x 70" W x 108" H

**Power Requirements:** 480V, 60-Hertz, 3-Phase Power

**Floor Scale** wired into the Control System and connected to the Alert System.

**3-Color Light Tree** alerts Operator of an upcoming box change.

**Programmable PLC** offers a set-up page and adjustable parameters to run at varying speeds up to 60' per min., matching the SMC Machine.

**Bolts directly** onto current SMC Machine with minimal modification.

**Maximum Box size:** 50" D x 42" H x 54" W

Designed to eliminate the multi box Conveyor System.
